

Declaration of Asbestos Free Products

12/9/2016

Dear Customer,

This document serves as a Declaration and Confirmation from the Supplier, Challenge Electronics, 95 E. Jefryn Boulevard, Deer Park, New York, that no asbestos material or components containing asbestos are used in the manufacturing of any of Challenge Electronics product line.

This information is based upon information provided by all our manufacturing partners, suppliers of components, materials, and subassemblies used to manufacture **Challenge Electronics product line**.

According to the requirements for suppliers to provide an Asbestos Free Declaration, this document comply with the regulations requirements by the following organization:

- IMO – the International Maritime Organization, Regulation MSC.1/Circ.1374 and 1379
- The American Bureau of Shipping
- The International Convention for the Safety of Life at Sea (SOLAS), Regulation Chapter II-1/3-5

Sincerely,
